NUMBER 285.

STRIKE IS ENDED.

Miners Unanimously Accept Arbitration.

RETURN TO WORK THURSDAY.

Debate Was Protracted But Had No Effect on the Result.

MITCHELL THE HERO OF THE HOUR.

President Roosevelt Will Immediately Call the Commission Together and Their Report Is Expected Within a Month—Great Conflict Drifting to Peaceful End.

Wilkesbarre, Pa., Oct. 21.—The delegates were prompt in getting down to work. As soon as President Mitchell arrived at the hall at 10:05 a. m., he called the delegates to order. The committee on resolutions was called on for its report, but it was not ready to respond. The debate on reinstatement of all men in their former positions was immediately resumed. The question before the convention was a motion to accept the recommendations of the officers to call off the strike and submit all questions at issue to the arbitration commission.

JOHN MITCHELL.

A delegate from the Hazleton region asked how the individual operators stood on the arbitration plan. He called attention to the fact that the arbitration offer made by the railroad operators did not contain the name of John Markle, or the name of any other individual concern. In reply Mr. Mitchell said that while no individual operators had signed the plan he did not understand that they were against it. A delegate from Wilkesbarre said the superintendent of the Kingston Coal company had promised to give work to all men who applied. This brought out considerable applause.

In an impassioned speech by another delegate from the Wyoming valley, he asked the men to stop talking about all getting back to work. He hoped the convention would take a vote and end the strike. The debate was continued for 15 minutes more and the committee on resolutions was called upon but it was not ready. At this juncture it seemed to be the desire of the delegates to end the debate. No one caring to speak a delegate arose and took exception to an article in one of the local newspapers, but the objector was pacified by an explanation from Mr. Mitchell. There being nothing further to do but wait on the report of the committee on resolutions, a delegate suggested a song. The only colored delegate in the convention was called upon and responded.

President Mitchell, after the convention had given itself over to heated debate for an hour and a half, arose and calmly told the delegates that it must be apparent to all of them that there was no doubt whatever that the president's proposal would be adopted. There had been a renewal of the serious opposition of the steam men and heated words had passed between delegates. Explanations of the proposal had been made in four languages. There seemed to be more opposition than ever to settlement, when suddenly there was a break in the clouds when a motion was put by a delegate down in front, near the presiding officer. In a clear voice the strike leader called for a vote on the all important question and instantly there was a roar of applause. When the question was put, by a unanimous viva voce vote, the

convention accepted the arbitration plan. Great cheers greeted the announcement of the result. The resolution as adopted, carries with it a declaration that the strike is off and provides for an immediate resumption of work in the coal mines throughout the anthracite region.

Passed With Cheers.

There was one loud roar of approval when the great strike was officially off. The delegates arose and cheered for fully a minute. President Mitchell came in for a share of applause. When quiet was restored resolutions were adopted thanking all organizations and individuals for the assistance they have rendered the mine workers in the strike. A resolution was also adopted recommending to the state legislature no person under 21 years be employed in or about mines for more than eight hours a day. Another important action was the adoption of a resolution that all men who are needed to place the mines in condition can return to work at once. This applies more particularly to the engineers, firemen and pumpmen. The engineers made another plea that something be done in the way of taking care of the men who failed to find work. It was decided that this question be left in the hands of the executive boards of the three districts.

Envelopes addressed to President Mitchell at Wilkesbarre were distributed among the delegates with instructions that all pay envelopes, due bills statements of wages and anything that may help the miners in their case before the arbitration commission be sent to him. There being no further business before the convention a delegate arose and suggested that before adjourning the delegates should sing "My Country 'Tis of Thee." "Just to show that we are law-abiding citizens." This was done and the Mine Workers' convention came to end with three cheers for John Mitchell.

Resolutions Presented.

"We, the committee on resolutions, beg leave to recommend that the following communication be adopted and forwarded to Theodore Roosevelt, president of the United States of America:

During the concluding of a song the committee on resolutions arrived. The committee made its report immediately. It was as follows:

The debate on reinstatement was immediately resumed. One delegate strenuously objected to the adoption of the resolutions because no provision is made in them for the men who may fail to get work.

Will Call Commission.

President Mitchell announced that he had received a telegram from President Roosevelt saying that he would call a meeting of the commission immediately after the favorable action of the committee. President Mitchell said he had reason to believe that the finding of the committee would be announced in one month after the close of the convention.

There were cries for the previous question, but President Mitchell stopped this by announcing that every man would be given a chance to speak and that he would not entertain a motion to vote so long as there was one delegate in the hall who wanted to be heard. National Secretary-Treasurer W. B. Wilson was recognized by the chair. He made a strong speech for

PRESIDENT ROOSEVELT.

the acceptance of the proposition. He felt sure that no competent man need fear the result. He closed by paying a tribute to all those who have helped the miners.

"Dear Sir—We, the representatives of the employees of the various coal companies engaged in operating mines in the anthracite coal fields of Pennsylvania in convention assembled, having under consideration your telegram of Oct. 15, 1902, addressed to John Mitchell, president of the United Mine Workers of America, which reads as follows: 'I have appointed as commissioners Brigadier General John H. Wilson, E. W. Parker, Judge George Gray, E. E. Clark, Thomas H. Watkins, Bishop J. L. Spalding, with Carroll D. Wright as recorder. These names are accepted by the operators

and I now earnestly ask and urge that the miners likewise accept this commission. It is a matter of vital concern to all our people, and especially to those of our great cities, who are

should be resumed without a moment's unnecessary delay."

"We have decided to accept the proposition therein embodied and submit all question at issue between the operators and mine workers of the anthracite coal region for adjustment to the commission which you have named. In pursuance of that decision, we shall report for work on Thursday morning, Oct. 23, in the positions and working places occupied by us prior to the inauguration of the strike.

"We have authorized John Mitchell, president of the United Mine Workers of America with such assistants as he may select to represent us in all hearings before the commission." The resolutions were then adopted by John Mitchell, chairman of the convention, and W. B. Wilson, secretary.

TRAIN IS WRECKED.

Four Persons Have Legs Broken. None Are Seriously Injured.

Cincinnati, Oct. 21.—A passenger train on the Cincinnati, Hamilton and Dayton railroad from Lima to Cincinnati ran into an open switch south of Elmwood and seven persons were injured, none seriously. The engine and baggage car were only slightly damaged, the smoker wrecked and the ladies' coach slightly damaged. The ladies' coach and parlor car were brought into Cincinnati together with the following who were injured: Mrs. Recker, wife of conductor, leg broken; Brakeman Green, cut in left leg; J. W. Bowman of Tippecanoe, scalp wound; C. E. Hayes of Philadelphia, leg broken; Mrs. Bleeks of Hamilton, leg broken; Miss Irwin of Glendale, leg broken; D. H. Coe of Dayton, back and leg injured.

Called Back to Work.

New York, Oct. 21.—Anthracite coal carrying railroads through orders just issued by the general managers have called back into service all trainmen, station agents and clerks laid off in consequence of the suspension of coal transportation during the strike. The Philadelphia and Reading and the Jersey Central railroads will reinstate between 4,500 and 5,000 trainmen this week and the other coal carrying roads probably 10,000 more.

Four Hundred Present.

Philadelphia, Oct. 21.—Nearly 400 delegates, including 40 bishops, were present at the missionary council of the Protestant Episcopal church which was opened in St. James' church. Bishop Gailor of Tennessee preached the opening sermon, after which holy communion was celebrated. The business sessions in Young Men's Christian association hall were also begun.

Wireless Telegraphy System.

London, Oct. 21.—The Eastern Telegraph company has equipped its cable ships of a new system of wireless telegraphy, designed by J. H. Mackelyle, Jr., for the company. He purposes to utilize the ships in an auxiliary cable service for inter-island communication or any other short stretches where tides and rocks unduly shorten the life of a cable.

Shaving Not a Necessity.

Lacrosse, Wis., Oct. 21.—The circuit court here decided that shaving on Sunday was not a necessity, if it was done in a public shop. In the case of the state vs. Rice, the defendant was charged with violating the state laws. It was argued that it was necessary for a man to be shaved on Sunday in order to make him presentable to go to church.

Robbed a Bank.

Aberdeen, S. D., Oct. 21.—The news has been received here that Liens' bank at Summit was robbed of \$6,000. The burglars entered the bank by the front door, blew open the safe with two charges of nitro-glycerin and escaped, leaving no trace. A man sleeping in a store in the vicinity, heard two explosions but did not get up.

Miners Return Home.

Pottsville, Pa., Oct. 21.—Many mine workers who left this region during the period of the strike, have returned to their homes. It is claimed that of the 900 strikers who secured work at the Baldwin Locomotive works, Philadelphia, 75 have quit since Saturday and have returned to the coal regions.

Indianapolis, Oct. 21.—The five year meeting or conference of Friends began at Friends' church in this city. S. Edgar Nicholson of Baltimore, presiding. The opening session was taken up with the business of arranging for the work of the conference and the hearing of reports. The most important of these was the report of the committee appointed at the last conference to prepare a uniform discipline.

KENTUCKY MASONS.

Officers Chosen For Ensuing Year by the Grand Council—Financial Showing of the Grand Lodge.

Monday night the Grand Council of Royal and Select Masters of Kentucky met at Louisville and elected the following officers:

Grand Master—Eusebius S. Mayes, Springfield. Deputy Grand Master—Guy Barrett, Frankfort. Grand Principal Conductor of Work—Joseph H. Ewalt, Shawhan. Grand Treasurer—William Ryan, Louisville. Grand Recorder—James W. Staton, Brooksville. Grand Chaplain—Charles E. Dunn, Louisville. Grand Chaplain of Guard—William R. Johnson, Lebanon. Grand Conductor of Council—Samuel Leidigh, Louisville. Grand Marshal—Henry A. Hodge, Princeton. Grand Steward—John Thomas Kincaid, Lexington. Grand Sentinel—George F. Evans, Louisville.

Tuesday, at the opening of the Grand Lodge, Grand Treasurer Leathers presented his annual report as follows:

RECEIPTS.	
Balance close of last season.....	\$15,272 49
From interest and dividends.....	286 00

Postage.....	301 09
Mileage and per diem.....	841 35
Expense.....	1,238 43
Balance.....	14,132 76
	\$40,762 09

SEWS A HUMAN HEART.

Six Stitches Taken In Ventricle of a Perforated Heart.

New York, Oct. 21.—One of the rarest operations known to surgery—the sewing up of a severed ventricle of a human heart—has been performed at Bellevue hospital.

The patient was Annie Kingsley, who was stabbed by her husband during a quarrel on the street. She was thought to be dying when the ambulance reached the hospital. The blood was pouring from a long wound in the left ventricle which supplies the body with blood, while the right pumps to the lungs. The surgeons knew the flow must be checked at once if the woman was to be saved. The operation was decided upon. It was performed by two surgeons with 15 men looking on. The heart was laid bare and the surgeons saw that the wound was very severe. It would require six stitches. During intervals between the beats of the heart, the needle was inserted six times and the flow of blood was stopped. The wound was carefully dressed and the surgeons waited to see the result. The patient rallied rapidly and the surgeons expressed the belief that she will recover.

OPERATORS ARE PLEASED.

Comments of Coal Barons on the End of Strike.

New York, Oct. 21.—The news that the coal strike had been officially declared at an end was received with delight in this city. President Baer of the Reading when informed of the news said: "Well, I am very glad to hear that. I had heard of the resolution, but had not heard that it had been adopted." President Truesdale said: "I am delighted to hear the news and trust that the men are satisfied. I believe there will be work for all. We'll get coal here in a jump, probably by the end of the week." "Just as I expected," was President Fowler's only comment.

"There's no reason," said President Oliphant, "why we should not be pleased, I am sure. I trust we shall have coal here by the end of the week. If we do not I shall be surprised, although there is little doubt about it." Mr. Markle, the independent operator was asked what was his attitude towards the striking miners formerly employed by his firm. "I have nothing to say," was his reply.

There's a good deal of interest in the meetings conducted by Rev. J. B. Jones at Washington, and some have been added to the church.

Miss Martha E. Moore, of Louisville, will give an illustrated lecture at Y. M. C. A. parlors Thursday afternoon, Oct. 23rd, at 2 o'clock. Subject: "Health and Hygiene." Admission free. For women only.

George Hon, serving ten years in the Ohio penitentiary from Adams County for forgery, died Monday, of consumption. While in a new jail at West Union for a petty offense Hon escaped and claimed \$100 for the feat. Officials hounded him, and when years after he was located he was charged with forging an order by which he secured 25 cents worth of tobacco and was sent to the penitentiary.

COMMITTEE REPORTS.

Municipal Code Bill Reported to General Assembly.

ROYER ACT HAS BEEN CORRECTED.

Municipal Code Bill Will Now Receive the Consideration of the Legislature—Action of House and Senate.

Columbus, O., Oct. 21.—The report of conference committee was submitted to the house when it reconvened. The house adopted by an overwhelming majority the McKinnon resolution for a constitutional amendment permitting a limited classification of cities in Ohio. The proposed amendment provides for three classes, all cities having a population of over 100,000 to be cities of the first class, under 100,000 and over 25,000, second class; under 25,000, third class.

When the resolution came up for adoption, Meisel of Cuyahoga, offered an amendment permitting the council or other legislative body of any city to draft its own charter.

Mr. McNamee of Franklin made an earnest appeal for the submission of some kind of a constitutional amendment in reference to the government of cities. The Meisel amendment, however, was defeated.

The Royer senate bill recently passed by the senate restoring to the supreme court jurisdiction in many cases, passed the house with a slight amendment offered by Guerin of Erie. Guerin of Erie offered an amendment to fix the limitation at \$300, but this was voted down. Guerin then offered an amendment providing that all cases which were prevented from going to the supreme court on account of the enactment of the Royer act last session, may be carried up within 30 days after the passage of the bill. This amendment was adopted and the bill was then passed. Senator Royer stated that the amendment was satisfactory to him.

The bill providing for Ohio representation at the centennial celebration of the beginning of work on the Lake Superior ship canal at Mackinac, Mich., was defeated in the house by a vote of 63 to 15.

Senator Royer wanted to be heard on the joint resolution to investigate coal syndicates, but Lieutenant Governor Gordon refused to recognize him, but put the motion and declared it carried.

The report of the code conference committee was presented by Senator Longworth, but was discontinued because printed copies had not been furnished the members.

The Dunham bill to cure an act passed last winter was defeated.

The amended Crafts bill, making sundry appropriations aggregating \$50,700 was passed.

By a vote of 22 to 8 the Archer joint resolution to submit a constitutional amendment providing for classification was adopted.

MONEY TO BURN.

Mark Twain Places an Order With Secretary of Treasury.

Washington, Oct. 21.—The following letter was received at the treasury department: "New York, Oct. 3. The honorable, the secretary of the treasury, Washington, D. C.: Sir—Prices for the customary kinds of winter fuel having reached the altitude which puts them out of reach of literary persons in straitened circumstances, I desire to place with you the following order: Forty-five tons best old dry government bonds, suitable for furnace, gold seven per cent 1864 preferred; 12 tons early greenbacks, range size, suitable for cooking; eight barrels seasoned 25 and 50 cent postal currency, vintage of 1866, eligible for kindlings.

"Pleased deliver with all convenient dispatch at my house in Riverdale at lowest rates for spot cash and send bill to, your obliged servant, Mark Twain, who will be very grateful and will vote right."

Condition of Collieries.

Mahano City, Pa., Oct. 21.—Mine inspectors Stein and Brennan of the Sixth and Eighth districts respectively, after an examination of many collieries in their territory, report most of them in condition to resume operations. Inspector Stein has found a few of the chambers very gaseous, due to coal displacements in the main transportation openings. Extraordinary care must be exercised by the fire bosses when the strike is formally declared off, he says, and he has issued precautionary instructions to this effect. Collieries in the lower districts are reported flooded and not in condition to be operated for many weeks.

EVENING BULLETIN.

DEMOCRATIC TICKET.

For Congress,
JAMES N. KEHOE,
of Mason.

For Judge of the Court of Appeals,
THOMAS H. PAYNTER,
of Greenup.

THE WEATHER RECORD.

[For the 24 hours ending at 6:30 a. m.]
State of weather.....Clear
Highest temperature.....71
Lowest temperature.....52
Mean temperature.....62.5
Wind direction.....Northerly
Precipitation (inches) rain......00
Previously reported for October.....1.26
Total for October to date.....1.26
Oct. 22nd, 9:37 a. m.—Fair and warmer to-night,
Thursday fair.

No COUNTY in the district should roll up a larger majority for Kehoe Nov. 4th than old Mason.

No CITY in the Ninth district should give Kehoe a more enthusiastic support on Nov. 4th than Maysville. Make it as near unanimous as possible.

JUDGE PAYNTER's record as a member of the Appellate Court is an enviable one. He has reflected credit upon his district and his State and his party should give him that indorsement that he deserves.

No REPRESENTATIVE in Congress has ever accomplished more and obtained more for the district than Hon. James N. Kehoe. If the voters of the district fail to manifest their appreciation by heartily indorsing his course, the district certainly deserves no further consideration.

The suit brought by the owners of property in Catlettsburg abutting on the paved streets to prevent the collection of assessments to pay for the street pavement, and to test the validity of the \$25,000 worth of bonds issued by the city of Catlettsburg, resulted in a complete victory for the property owners. The court enjoined perpetually the collection of the assessments, and the payment of the principal and interest of the bonds. Mr. W. H. Wadsworth of this city was one of the attorneys for the property owners.

WHAT DEMOCRACY REPRESENTS AND OPPOSES.

With the tariff and trust questions the issues of the campaign, and with a consistent record for honest opposition to a trust-breeding, monopoly-sheltering tariff, and to the great trust evil which is becoming such a serious menace to the welfare of this government and its people, the Democratic party is ready to rest its case and let it go before the great jury of American voters for their verdict. It only asks that the verdict be the result of a disinterested and unbiased judgment, and that it be in accordance with the facts and evidence which has been submitted through the press and from the hustings. It asks the jury to remember that Democracy is opposed to the Dingley tariff for the following reasons:

1. Because, according to indisputable testimony, it enables American manufacturers to compel American consumers to pay more for their products than they charge European and other foreign consumers for the same products.
2. Because it has demonstrated that the tariff does foster trusts, and that it protects them in their outrages upon the people.
3. Because the primary object of a protective tariff is to enable the manufacturer to charge the consumer more for his goods than the consumer would otherwise have to pay, which is an injustice.
4. Because it taxes the masses in order to enrich a favored few, making those few immoderately rich at the expense of the very people they afterwards oppress.
5. Because, while professing to be for the benefit of and in the interest of labor, in reality it does nothing but build up great fortunes which are afterward inimical to all the interests of labor, as the tyrannical coal trust, for instance.
6. Because it is discriminating, and lends the governmental machine to the rich and oppressing trusts in order that they may be sheltered in their unholy purpose of stifling competition, and forcing the consumer to pay the prices they in their greed and avarice may see fit to name.
7. Because its author himself said that they had purposely made it too high.
8. Because when the Republican textbook boasts that we are competing with the world in the open markets of the world, it leaves not a solitary sane reason why it should be continued.
9. Because it violates that great and just principle which would give every man an equal chance to earn a competence and an equal right to live.
10. Because it is unfair, unjust and undemocratic.

And it asks the jury to remember that Democracy's grounds for opposition to trusts are:

1. Because they are dangerous to the

welfare and well-being of the people and of the government.

2. Because they are arrogant and overbearing and crush out legitimate industry and competition, gobbling up everything in sight for themselves.

3. Because they combine and conspire to cheat labor out of its just earnings, and to defraud it out of its lawful rights. They are the beneficiaries of the tariff rather than the men who work for them.

4. Because they first throttle competition and then charge exorbitant prices for their products.

5. Because they add to the already almost intolerable burdens of the poor.

6. Because they corrupt legislatures, buy themselves or their creatures into power and carry out their unworthy ends at any cost.

7. Because they are against the people and against the right.

8. Because they are in close alliance with the leaders of the Republican party, which helps them on the "you-tickle-me-and-I'll-tickle-you" plan.

9. Because the trusts are against the Democratic party.

In these premises Democracy is one with the people of this country, and confidently awaits their verdict.

PERSONAL.

—Mrs. James Cole was a visitor in the city Tuesday.

—Mrs. Rev. J. J. Dickey was a visitor in the city Tuesday.

—Squire John J. Thompson was at Washington Tuesday.

—Presiding Elder Mann returned last night from Lexington.

—Mrs. Jane T. Marshall returned to her home in Fleming Tuesday.

—Mr. Allen Edmonds has been spending a few days with friends at Danville.

—Mrs. Laura G. Collins visited Miss Mary W. Marshall, at Washington, Monday.

—Mrs. John Taylor and children have joined her husband in Oklahoma territory.

—Mrs. J. E. McIntyre, of Ewing, is visiting her sister, Mrs. Graham, of Forest avenue.

—Rev. and Mrs. T. S. Buckingham, of Washington, have returned from a visit in Ohio.

—Mr. Robert T. Marshall, of Fleming, County, was at Washington Monday and Tuesday.

—Misses Florence and Lida Rogers are the guests of Miss Kathryn Miles, of Nicholasville.

Ben T. Smith.

The FEDORA

No makeshift finish here—every glove is perfect in the least detail. The soft elasticity of real kidskin, perfectly dressed, the skillful cutting and correct stitching of the world's best gloves make the Fedora a wonder at so small a price—

ONE DOLLAR A PAIR.

Every pair can be relied on—guaranteed of course. If there is a dollar glove better than the Fedora we'd have it, but there isn't.

HAVE YOU TRIED

A pair of The Imperiale Washable Gloves? Maybe \$1.75 seems a big price for a pair of Gloves but it is not if you consider several points. First—How easily gloves soil in our soft coal atmosphere. Secondly—Style can't be achieved by every woman but neatness can and what more effectually destroys a woman's dainty appearance than soiled gloves. Thirdly—The danger and unpleasant odor of gasoline if you clean your gloves or the cost of professional service. One last word—Don't judge this wash glove by others you have tried and found failures. The Imperiale absolutely retains its color and softness after washing. White and several stylish light shades.

\$1 GLOVES FOR MEN.

Patent snap fastening. A shapely, long wearing, comfortable glove made of heavy kid, pique sewed. Several shades of tan, and English red.

D. HUNT & SON

The total registration at Ashland is 1,418,—346 more than a year ago and exceeding the registration of 1900 by fourteen.

Dr. C. E. Poyntz, who was wounded in a duel with John Siler at Paint Lick Monday night, died at 4 o'clock Tuesday morning. Siler is not expected to recover.

Capt. William P. Ripley, a veteran steamboat man, passed away Monday at Portsmouth. He commanded the steamers Fannie Dugan and Iron Duke in former years.

C. C. Moore, editor of the Blue Grass Blade, will sail for Egypt and Palestine on February 4th and will cruise on the Mediterranean and take in a large portion of the Orient. He threatens to write a book of his travels.

Congressman James N. Kehoe spoke at Louisa Monday in the interest of his candidacy. The court room was packed to overflowing with voters from all parts of the county, says a dispatch, and many were unable to gain admittance. His speech was a strong one, and was enthusiastically received.

Auditor Coulter will report to the State Board of Valuation for franchise taxation the thirty-five accident, guarantee, surety and fidelity insurance companies doing business in Kentucky. The assessment will be made retroactive, from 1893 up to and including the present year. Mr. Coulter says the statute plainly states that such companies must pay a franchise tax.

A move is on foot to organize a tri-State base ball league in Kentucky, Ohio and West Virginia cities for next season. Among the cities that are wanted are: Ashland, Lexington and Maysville, Ky.; Hinton, Charleston, Clarksburg, Parkersburg and Huntington, W. Va.; Portsmouth, Gallipolis, Ironton, Wellston, Chillicothe, Circleville, Sidney, Washington C. H. and Lancaster, O.

Look Out For Coughs!

PROVED FATAL.

John Ramsay, of Mayslick, Dies of the Wounds Inflicted by Young Page and Ball Saturday Night.

John Ramsey, colored, of Mayslick, died Monday night of the wounds received Saturday night at "Banion Hill." Tom Page and Tom Ball, the two young negroes charged with shooting Ramsay, were still at large at last accounts. The last seen of them they were at Ewing.

Hog stealing is of almost nightly occurrence now on the farms south of the city.

Miss Lizzie Preston, well known here and in the county, was married recently at the home of her parents, Mr. and Mrs. George Preston, of St. Louis, to a prominent young business man of Pine Bluff, Arkansas. They will reside in the latter city.

T. A. Cook, of Lexington, formerly of Mt. Carmel, has sold his interest in a grocery store at Paris to his son, C. P. Cook, for \$2,000. The grocery has been run for some time under the firm name of C. P. Cook & Company. C. P. Cook will run the store in the future in his own name.

Mrs. R. A. Toup is ill with an attack of quinsy.

Prayer meeting at the Christian Church to-night at 7 o'clock.

Seven out of the ten wells put down in Lewis County have a good showing of oil.

The Southern Presbyterian Synod of Kentucky will meet next year at Cynthiana.

The Northern Presbyterian Synod of Kentucky will hold its next annual meeting at Hopkinsville.

Mr. J. B. Colvin, who moved here not long ago from Cynthiana, is moving back to that city this week.

Newell R. Downing was exonerated from the payment of tax on \$3,000, erroneously assigned against him.

The company building the electric road between Paris and Lexington expect to have it completed by Feb. 1st.

Joseph Walden, of Carlisle, and Isabelle Story, of Jacktown, Nicholas County, were married here this morning.

The Portsmouth Times says the Schroeder-Walton Harness Company of this city may locate in that city if satisfactory inducements are offered. The company wants additional capital to enable it to run on a larger scale.

'Squire Pickett remains in a serious condition.

Mr. Lurtey and family moved to Portsmouth Tuesday.

Mr. Perry Tolle is still dangerously ill, but rested fairly well last night.

Just received a couple of barges of Kanawha coal. GABLE BROS.

WANTED—Boy to carry papers and make himself generally useful. Apply at BULLETIN office.

Some of the young folks of Washington will go on a nutting excursion to the mountains this week.

The Mill Creek Christian Endeavor Society will meet with the Mayslick Society next Sunday evening at 6 o'clock, when Prof. W. T. King will deliver his address on "How to Interest Young Men in Endeavor Work." All are cordially invited.

The Christian Church at Mayslick will begin a protracted meeting Nov. 10th with Mr. W. E. Ellis, of the Vine Street Church, Nashville, to do the preaching. The warm friends Mr. Ellis made during his short meeting with this church last winter look forward with pleasure to his coming. It is hoped that many will come to both morning and evening services to hear this very able minister.

Items of Interest From Nearby Towns and Villages Contributed by the Bulletin's Corps of Correspondents.

EAST LIMESTONE, Oct. 21st.—The protracted services continue at Stone Lick and are growing in interest.

Wiley Case has returned home after a few days visit in Cincinnati.

The Misses Coughlin, of Limestone, entertained a number of friends at their pleasant home Thursday night of last week.

Miss Sallie Curtis, of Maysville, was the guest of her cousin, Miss Sallie Bullock, during the protracted service at Stone Lick.

Thomas Hise, late of the Philippines, spent a few days in this vicinity last week.

A party of young folks from about here visited the Misses Quinn on North Fork, Sunday.

Mrs. S. A. Smith is spending a few weeks here with relatives and friends.

Superintendent C. D. Wells was among the many visitors at Stone Lick Church Sunday, extending a hearty hand-shake to his many old friends, who gave him a cordial greeting.

Mrs. J. D. Riley, of Clarks Station, accompanied by her cousin, Miss Florence McVain, of Sharpsburg, as the guest of Mrs. John Peters, of Bernard, Thursday, attending church service at Stone Lick same night. The visiting preacher is the pastor of Miss McVain's home church.

Mrs. Charles Pollard, of near Orangeburg, is recovering after a seige of nine weeks duration of fever, the fever only recently having subsided.

Rev. W. W. Horner left for his home at Sharpsburg Friday morning on a short visit, returning on the late train Saturday evening where he was met by Mr. Peters whose guest he was until Sunday morning. He was accompanied on return by his wife, a bride since April, and a very worthy and agreeable lady who is extended a cordial greeting by all.

Rev. Ellis, who has been assisting in the meeting at Stone Lick, went to Sharpsburg Saturday morning to conduct the weekly services of the Baptist Church at that place in the absence of the pastor.

Squire Farrow has not, so far, been able to reach our vicinity in his repair of county roads, consequently they are in quite a rough condition. So much so that the preacher being abhorrently impressed with their inconvenience of travel, put "his shoulder to the wheel" and assisted some of the citizens in "working the road" near the church.

The lunar eclipse was observed Thursday night by parties returning from a social, the whole universe immersing into total darkness during the total stage of the event.

COTTAGEVILLE, Oct. 20th.—Sowing wheat is the order of the day. The early sown is growing nicely.

Corn not quite all in the shock yet.

Mr. and Mrs. Jones, of Wallingford, Fleming County, visited Oscar Ham and wife the past week.

Mrs. E. C. Henderson is visiting in Illinois and Kansas.

Bruce Hull of Töllesboro has purchased the farm of Mrs. M. Barkley near this place. Mrs. B. will make her future home in the West.

Elmer Blount and wife of Pearis spent Sunday here with friends.

Dan O'Conner and sister, Miss Hannah, of Burtonville, spent last Sunday week with friends here.

Floyd Tully of Manchester passed through our village recently.

Stonewall McNutt and wife have returned to their home in Illinois.

A child of Eck Berry died and was buried at Bethany a few days ago.

Thomas Malone of Lewisburg was here last week on business.

Some of our young folks went chestnut-hunting recently.

A social was given at the home of W. E. McKee a few evenings ago.

WEDONIA, Oct. 20.—Our community this morning was shocked by the sudden announcement of the death of Miss Alice Lalley, of Mill Creek. Last Wednesday she was stricken down with typhoid fever and congestion of the brain, the end

coming at 2 o'clock Monday morning. Her condition was not realized by the family and friends and the announcement of her sudden death came as a shock to the entire community. Deceased was a lovely Christian girl, loved and admired by all who knew her. She was a daughter of Mr. and Mrs. Thomas Lalley, and was twenty-six years old the 13th day of last June. The many friends of this dear sweet girl were heart broken when the sad news was broken to them. The sympathy of all is extended to the bereaved and stricken family. The funeral services will be conducted Wednesday morning at 9 o'clock at Mayslick St. Rose of Lima Church. Burial at Washington.

The profit of a gold mine depends, not on the amount of rock crushed under the stamps but upon the amount of gold which can be extracted from the rock. In a similar way the value of food which is eaten does not depend on the quantity which is taken into the stomach but upon the amount of nourishment extracted from it by the organs of nutrition and digestion. When these organs are diseased they fail to extract the nourishment in sufficient quantities to supply the needs of the several organs of the body, and these organs cannot work without nourishment. The result is heart "trouble," liver "trouble," and many another ailments. Dr. Pierce's Golden Medical Discovery, acting on every organ of the digestive and nutritive system, restores it to health and vigor. It cures diseases remote from the stomach through the stomach in which they originated. "Golden Medical Discovery" contains neither alcohol nor narcotics.

Advertised Letters.
